Printed Name

\_\_\_\_\_  
Date

\_\_\_\_\_  
Title

*\*A Tribe must also submit a letter on Tribal letterhead, or resolution signed by a member of the Tribe's governing body indicating that the Tribe is interested in being considered an NTAA member. The representative filling out this NTAA membership form will be considered the designated representative for the Tribe to NTAA. It is free to join NTAA as there are no membership fees or annual dues.*

*\*\*The NTAA's mission is to advance air quality management policies and programs, consistent with the needs, interests, and unique legal status of Indian Tribes. As such, the NTAA uses its resources to support the efforts of all federally recognized Tribes in protecting and improving the air quality within their respective jurisdictions. Although the organization always seeks to represent consensus perspectives on any given issue, it is important to note that the views expressed by the NTAA may not be agreed upon by all Tribes. Furthermore, interactions with the NTAA do not substitute for government-to-government consultation which can only be achieved through direct communication between the federal government and Indian Tribes.*
