**NTAA NEWS!**

Join your colleagues and friends for the first NTFAQ Tribal Air Film Festival at NTFAQ this year! The planning team is seeking film entries, if you have a film you would like to share contact [lauradmckelvey@gmail.com](mailto:lauradmckelvey@gmail.com) for more details. Entries due **April 15<sup>th</sup>**.

# NTFAQ 2023 NATIONAL TRIBAL FORUM ON AIR QUALITY

May 1, 2023 - May 4, 2023

Gila River Resorts & Casinos Wild Horse Pass

SCAN HERE

## Registration Now OPEN!

### KEYNOTE SPEAKER

**Daniel R. Wildcat (Muscogee Nation)**

*Indigenous & American Indian Studies faculty member at Haskell  
Indian Nations University*

In 1994 he helped form a partnership with the Hazardous Substance Research Center at Kansas State University to create the Haskell Environmental Research Studies (HERS) Center as a non-profit Native American research center to facilitate:

- Technology transfer to tribal governments and Native communities
- Transfer of accurate environmental information to tribes
- Research opportunities to tribal college faculty and students throughout the United States.

**Support and become a SPONSOR for NTFAQ.  
Opportunities are available at various levels.**

[nau.edu/NTFAQ2023](http://nau.edu/NTFAQ2023) #NTFAQ2023

Don't forget to **REGISTER! by April 17<sup>th</sup>**. There is a \$250.00 registration fee for NTFAQ attendees. Registration fee covers admission to all sessions, Virgil Masayeva Awards dinner, morning continental breakfasts, afternoon snack breaks, field trips, and pre-conference trainings. **Limited guest rooms are available at a discounted [NTFAQ block rate](#).** **The current cut-off date is [April 3rd](#).**

**Now accepting proposals for sessions at the Tribal Lands and Environment Forum!** Visit the [2023 TLEF website](https://www.nau.edu/TLEF2023) to learn more about this year's forum. To submit a proposal, click "Call for Proposals" at the top of the page. Registration opens soon and a link to our host hotel will be added so you can make lodging reservations at a reduced rate. More information coming soon!

A blue graphic with a decorative border. At the top left is the EPA logo, and at the top right is the 50th Anniversary American Indian Higher Education Consortium logo. The text in the center reads: "The United States Environmental Protection Agency (EPA) is partnering with the American Indian Higher Education Consortium (AIHEC) to host a webinar for Tribal College and University students on April 25 from 2:00-3:30 pm (ET)". Below this is a box containing the text: "Come learn about EPA's role in protecting human health and the environment and exciting and rewarding career opportunities in/near Indian Country and throughout the U.S.". At the bottom is a button that says "Click here! To register for the webinar". At the very bottom, in a smaller box, it says: "For more information or if you require ASL and language interpretation services contact: JoAnn Brant at: [brant.joann@epa.gov](mailto:brant.joann@epa.gov) or Angela Hackel at: [hackel.angela@epa.gov](mailto:hackel.angela@epa.gov)".

[Register here](#) to learn more about EPA's webinar for Tribal College and University students!

# UPCOMING CALLS/EVENTS/ENGAGEMENT OPPORTUNITIES/NOTICES!

## NTAA Upcoming Calls

Contact [Carolyn.Kelly@nau.edu](mailto:Carolyn.Kelly@nau.edu) if you have any questions about any call. A Zoom link will be sent with calendar invites for future NTAA work group calls.

<b>Woodsmoke Work Group:</b> This work group meets Bi-Monthly and includes Tribal and EPA professionals with an interest in woodsmoke issues in Tribal communities. Contact <a href="mailto:Carolyn.Kelly@nau.edu">Carolyn.Kelly@nau.edu</a> to join the call!	Thursday, May 11, 10 am AK or 2 pm ET
<b>Mobile Sources Work Group:</b> This work group meets Bi-Monthly and includes Tribal and EPA professionals with an interest in mobile source issues in Tribal communities. Contact <a href="mailto:Carolyn.Kelly@nau.edu">Carolyn.Kelly@nau.edu</a> to join the call!	Thursday, April 6, 10 am AK or 2 pm ET
<b>Alaska Air Work Group:</b> Join this work group to hear updates from EPA and Alaskans working on air quality. Contact <a href="mailto:Carolyn.Kelly@nau.edu">Carolyn.Kelly@nau.edu</a> to join the call!	March 29, 10 am AK or 2 pm ET
<b>NTAA / EPA Air Policy Update Call:</b> Join this monthly meeting to hear updates from EPA on important air quality and climate policy updates as well as updates around the country related to Tribal Air Programs. Calls are held on the last Thursday of every month unless it falls on a holiday. Contact <a href="mailto:Carolyn.Kelly@nau.edu">Carolyn.Kelly@nau.edu</a> to join the call!	Thursday, March 30, 10 am AK or 2 pm ET
<b>Indoor Air Quality (IAQ) Work Group:</b> This work group meets Bi-Monthly and includes Tribal and EPA professionals with an interest in indoor air quality in Tribal homes and other buildings. <a href="mailto:Carolyn.Kelly@nau.edu">Carolyn.Kelly@nau.edu</a> to join the call!	Thursday, April 13, 10 am AK or 2 pm ET

## The Institute for Tribal Environmental Professionals (ITEP)

[Click Here](#) for ITEP's new Tribal Environmental Management and Planning Online Courses. Sign up for a self-paced course hosted by ITEP's Waste and Response and Tribal Air Quality programs.

ITEP's American Indian Air Quality Training Program (AIAQTP) hosts the Building Performance: Improving IAQ in Cold Climates, Residential Building Science Review, Radon Fundamentals, Quality Assurance Fundamental, Writing a Quality Assurance Project Plan, Emissions Inventory Fundamentals, and Emissions Inventory Advanced.

[AIAQTP Schedule and Registration](#)

## **Ambient Air Quality/EPA/NTAA/Tribes**

### **NEW! Inflation Reduction Act Funding for AIM Act Implementation Listening Sessions**

EPA is hosting two listening sessions on the Inflation Reduction Act (Sec. 60109) which provides \$15 million for competitive grants for "reclaim and innovative destructions technologies" for hydrofluorocarbons (HFCs). The first session will be held on April 11th at 2 P.M. EDT and will focus on reclamation. The second session will be held on April 13th at 1 P.M. EDT and will focus on innovative destruction technologies.

### **NEW! EPA Grants What to Expect When You're Expecting... a Grant Webinar**

The EPA Grants What to Expect When You're Expecting... a Grant Webinar will be held on Wednesday, March 29, from 1:00-2:00 pm ET. During this webinar, EPA will review what grant recipients need to do and look for when they receive a grant award, discuss how to understand terms and conditions of grants, and talk through EPA's oversight once a grant is awarded. Participants will be able to ask questions of EPA presenters during the webinar. Advance registration is required. Click here to register. If you have already registered, you should have received a confirmation email with the link to the webinar.

Presentation materials and a list of helpful links will be available on EPA's website before the webinar: <https://www.epa.gov/grants/what-expect-when-youre-expecting-grant-march-29-2023>  
After the webinar, a recording will be posted to the same webpage.

### **NEW! Air Quality Planning for Wildland Smoke**

Course Dates: May 23-25, 2023

Course Location: Boise, ID

Application Date: Wednesday, April 12, 2021

Apply Now: <https://forms.gle/LCBEud5kL9EnNYfDA>

**Course Description:** This course is for tribal environmental professionals who want to learn about the impacts of wildland smoke on their communities, tools to assess the impacts, and develop an education & outreach plan to inform various audiences. This course is a hybrid course comprised of a series of online presentations/webinars on health effects/concerns, assessment & monitoring tools, and developing outreach. The course culminates with an in-person course comprised of hands-on activities and a visit to the National Interagency Fire Center in Boise, ID. Participants will use the knowledge gained about wildland fire risk communication, smoke models, portable air monitors, sensors, and air filters to develop an education & outreach plan for their tribal communities. The course will allow attendees to engage in discussion about best practices for outreach to Tribal communities. Attendees will also visit the NIFC to understand the role the Center plays in assisting tribes, states, and local governments in addressing wildfires and smoke from wildland fires.

Pre-Course: SLMS module completion (4-6 hours self-paced learning) must be completed by Wednesday, May 17, 2023.

Course Topics Include:

- Wildland fire risk communications
- Using smoke models
- Community education and outreach
- Portable air monitors and sensors
- Monitoring data and what it tells us
- Air filters
- Speaking to various audiences about wildland smoke

The application is due on Wednesday, April 12, 2023. Applicants will be notified of their acceptance for the course via email by Friday, April 14, 2023.

If you have questions please contact Christal Black, Assistant Manager, ITEP at [Christal.Black@nau.edu](mailto:Christal.Black@nau.edu) or phone 928-523-8410.

Apply Now: <https://forms.gle/LCBEud5kL9EnNYfDA>

**REMINDER! On March 17, 2023, EPA issued draft guidance to address the Clean Air Act's contingency measure (CM) requirement for nonattainment areas for the ozone and particulate matter National Ambient Air Quality Standards (NAAQS).**

This draft guidance clarifies and explains approaches available to air agencies to meet the CM requirement, while still complying with the Clean Air Act as interpreted by the courts.

Under the draft guidance, EPA would allow more measures to be considered as possible CMs and would also change the way the recommended amount of CM reductions is calculated to account for the nonattainment area's projected decline in emissions needed to attain the NAAQS. EPA is also clarifying that it could accept less than the recommended amount of CM reductions if an air agency sufficiently demonstrates that its nonattainment plan includes all feasible measures and there are not additional feasible measures in the area that could be held in reserve as CMs.

Once the notice is published in the *Federal Register*, there will be an opportunity for public comment for 30 days. Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2023-0063, at <http://www.regulations.gov>.

Learn more: <https://www.epa.gov/air-quality-implementation-plans/draft-contingency-measures-guidance>

### **Interagency Wildland Fire Resource Advisor Course (N-9042)**

**WHEN:** April 10 – June 16: Online Self-Study

May 17, 18, 23: Live Webinar Sessions (one session required)

**WHAT:** This introductory course provides participants with the background to serve as Resource Advisors during wildland fires. Resource Advisors work with Incident Management Teams and fireline personnel to minimize the impacts of wildland fire and fire management actions on natural, cultural, and social resources. Resource Advisors also provide critical support for the repair of fire suppression damages, identification and mitigation of threats caused by wildfires (e.g., Burned Area Emergency Response [BAER]), and long-term post-fire ecosystem recovery. This training meets the standards of the National Wildfire Coordinating Group (NWCG) Resource Advisor course (N-9042).

**For More Information**, email [Carolyn.kelly@nau.edu](mailto:Carolyn.kelly@nau.edu) for the full flyer

**REMINDER!** You are invited to participate in EPA Region 10's [2023 Smoke Management in the Northwest Conference](#).

- **When: April 18-20, 2023**
  - o Tuesday April 18, 1:30 – 5:00 pm PT, Wednesday April 19, 8:30 am – 5:00 pm PT, Thursday April 20, 8:30 am – 12:00 pm PT
- **Where: Seattle, Washington** in the EPA Region 10 Office **and** virtual via Microsoft Teams. Hotel room block information to follow.
- **Who:** All who are interested in issues related to wildfire smoke, forest management, air quality, and public health
- **Cost:** Free
- **How to register:** **Register via [Ticketleap](#) today!**
- **Additional background:**
  - EPA Region 10, along with help from private and public partners, has grown this thriving meeting for many years to address evolving needs.
  - Last year, the meeting was 100% virtual with over 300 people participating. Materials and recordings of last year's sessions are available [here](#).

- The meeting is an opportunity to meet and learn from professionals on air quality, land management, community engagement, public health, academic, and a range of other wildfire smoke related issues.
- There will be a mix of session formats including presentations, panel discussions, break-out sessions, and interactive exercises.

**UPDATE! Nominations for candidates to participate on the Clean Air Act Advisory Committee are open!**

Currently there are 2 Tribal Representatives on the Committee, Jeremy Fincher – Sac and Fox Nation, and Elizabeth Jacobs – Akwesasne Housing Authority. Natalene Cummings – Forest County Potawatomi Community, will complete the 3rd, 2-year term that is permitted at the Spring meeting of this year.

The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates to be considered for appointment to its Clean Air Act Advisory Committee (CAAAC). Vacancies are anticipated to be filled by August 2023. Sources in addition to this Federal Register Notice may also be utilized in the solicitation of nominees.

**ADDRESSES:** Submit nominations in writing to: Lorraine Reddick, Designated Federal Officer, Office of Air and Radiation, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460. **The nomination period has been extended through April 30<sup>th</sup>. Electronic and mailed applications must be received by that date.**

**For further information or to email nominations,** include in the subject line CAAAC Membership 2023 and send to [caaac@epa.gov](mailto:caaac@epa.gov).

To talk with Natalene more about what being a member of CAAAC involves, you can reach her at 715-478-7211.

**REMINDER! The Residential Wood Smoke Training Workshop April 11-13, 2023**

**Registration:** The Residential Wood Smoke Training Workshop [registration](#) is now open, please take a moment to register. The Registration site will allow you to register for the in-person workshop or virtually. If you are likely to join in person, please register in that manner and if you end up not being able to attend in-person, then we can simply modify your status. Seating is limited so register now.

**Draft Agenda, Topics & Speakers:** We have very robust list of topics we will cover during the Workshop and are currently finalizing speakers, the length of each session and determining what topics will be covered on what days.

**Transportation:** From the Denver Airport we recommend taking a train to Denver Union Station which is ½ mile from the hotel: Take the “A-line Train” from the airport, distance is 24 miles/45 minutes and cost \$10.50 - each way. Also, please include in your travel cost funds to transport yourself on Tuesday afternoon (4/11) about 10 miles from the EPA Region 8 building to and from the “[Fireplace Warehouse Denver](#)” which is our field trip destination. Options will be to share a ride with others likely via Uber, Lyft or taxi with an estimated cost of \$20 - \$25 per vehicle.

**Meeting Location:** The location of the meeting is EPA Region 8 offices, 1595 Wynkoop Street Denver, CO 80202.

**Optional Evening Networking Events:** We are in the planning phase for one or two evening events where you will have the opportunity to network with your colleagues. The Alliance for Green Heat is hosting an event on Wednesday evening and will likely include dinner, dessert, and a variety of drink choices. Cost is TBD, likely around \$25. More to come.

Keep in mind we have not had this Workshop in over three years and it's hard to say when we will have another opportunity to meet in person. With the PM2.5 NAAQS possibly being lowered and the unprecedented funds available through the Inflation Reduction Act, I hope you will join us in Denver. Please share this information with others and feel free to reach out if you have questions.

### **REMINDER! The White House: FACT SHEET: How the Inflation Reduction Act Helps Tribal Communities**

By signing the Inflation Reduction Act, President Biden is delivering on his promise to meet the climate crisis and build an economy that works for working families, including Tribal nations and American Indian, Alaska Native, and Native Hawaiian families. The Inflation Reduction Act lowers prescription drug costs, health care costs, and energy costs. It's the most aggressive action we have taken to confront the climate crisis. It'll lower the deficit and ask the super wealthy and corporations to pay their fair share. And no one making under \$400,000 per year will pay a penny more in taxes. [Click Here for FACT SHEET.](#)

## ***Climate Change / Energy***

**EPA's Climate Pollution Reduction Grants: noncompetitive planning grants webinar for tribes, tribal consortia, and U.S. Territories webinar:**

[https://mediaspace.nau.edu/media/EPA%E2%80%99s+Climate+Pollution+Reduction+GrantsA+noncompetitive+planning+grants+webinar+for+tribes%2C+tribal+consortia%2C+and+U.S.+Territories/1\\_iumhr8to](https://mediaspace.nau.edu/media/EPA%E2%80%99s+Climate+Pollution+Reduction+GrantsA+noncompetitive+planning+grants+webinar+for+tribes%2C+tribal+consortia%2C+and+U.S.+Territories/1_iumhr8to)

**The U.S. EPA Landfill Methane Outreach Program (LMOP) has published an enhanced National Map of Landfill Gas (LFG) Energy Projects and Municipal Solid Waste Landfills.**

The newly published version incorporates layers for Tribal lands and environmental justice demographic data so that users can identify areas where LFG energy projects may warrant additional consideration, analysis, or outreach to surrounding communities.

Link: <https://www.epa.gov/lmop/lmop-national-map>

### **Regional Tribal Environmental Health Summits**

The National Indian Health Board (NIHB) is partnering with the Centers for Disease Control and Prevention (CDC) to host a series of regional summits on the topic of environmental health in Indian Country. Each summit will feature Tribal leaders, environmental health practitioners, subject matter experts, and federal partners engaging on topics relevant to each region. A total of eight summits will be held between 2022 and 2024. The goal of each summit is to connect people from different backgrounds and Tribes, communities, federal agencies, Tribal organizations and state and local entities to address various environmental health and environmental justice issues of mutual concern across all regions as well as issues specific to individual regions. The first confirmed summit is **May 1 - May 2, 2023**, in Anchorage, Alaska.

## ***Toxics/Mobile Sources***

### **REMINDER! The Green Transportation & Summit Expo (GTSE)**

Tacoma, WA (Aug 22-24). For a three-day pass for tribes to attend GTSE (travel and lodging costs not included), use conference code: **DERA-TRIBES** For more information, go to: <https://www.gtsummitexpo.com/>. Brian Trice, Executive Director for the Clean Cities Coalition, will speak more about GTSE at the next Mobile Source Workgroup Call (Thursday April 16<sup>th</sup>). To be added to the Mobile Source Workgroup, email [Carolyn.kelly@nau.edu](mailto:Carolyn.kelly@nau.edu)

**REMINDER!** **Thursday, March 30 | 11 a.m. – 1:00 p.m. MT**

**Webinar: The Office of Indian Energy will highlight its current funding opportunities and technical assistance opportunities** [current funding opportunities](#) and [technical assistance opportunities](#). Guest speakers from the Department of Agriculture (USDA), the Department of Energy (DOE), and DOE's National Renewable Energy Laboratory will share information on funding available to tribes, including:

- USDA Rural Development's [Rural Utilities Service and Rural Business and Cooperative Service Inflation Reduction Act Programs](#)
- [Tribal Home Energy Rebates Program](#)
- [Clean Energy to Communities Program](#)
- [Energizing Rural Communities Prize](#) grants and loans for renewable energy and infrastructure

**REGISTER HERE:** <https://register.gotowebinar.com/register/5870271020263768919>

**REMINDER!** **The National Transportation in Indian Country Conference (NTICC) will be held in Anchorage, Alaska, Sept. 24-28, 2023**

The National Transportation in Indian Country Conference is the one-stop-shop transportation conference FOR TRIBES, BY TRIBES. NTICC offers access to relevant training and an opportunity for Tribal transportation professionals to engage with federal officials and their Tribal transportation peers regarding Tribal transportation issues and challenges.

NTICC provides information and resources for all who are committed to improving the transportation infrastructure of Indian Country and the safety of those who live, work, and travel the roadways of Alaska Native and Native American lands. For more information and to register, visit: <https://www.nticc.org/>

**REMINDER!** **EPA's Office of Emergency Management is offering training that would be of interest to people working on air quality issues as related to emergency situations.**

Overview of Spill Prevention, Control and Countermeasure and Computer-Aided Management of Emergency Operations (CAMEO) Software Suite Webinar for Tribal Partners Participants should only register for one of the five offerings below, as all sessions will cover the same material. Please note whether times are listed in Eastern Standard Time (EST) or Eastern Daylight Time (EDT).

<b>Date</b>	<b>Time</b>	<b>Registration</b>
April 6, 2023	3:00 p.m. – 5:00 p.m. EDT	<a href="#">Register here</a>
August 24, 2023	1:00 p.m. – 3:00 p.m. EDT	<a href="#">Register here</a>
September 7, 2023	3:00 p.m. – 5:00 p.m. EDT	<a href="#">Register here</a>
September 22, 2023	12:00 p.m. – 2:00 p.m. EDT	<a href="#">Register here</a>

This hour and a half, EPA-hosted session will provide a basic overview of the Spill Prevention, Control and Countermeasure oil spill prevention program and how the Computer-Aided Management of Emergency Operations (CAMEO) software suite can be used to help communities prepare for and respond to chemical and oil spills. The session will also include a question-and-answer segment where participants can interact with the Spill Prevention, Control and Countermeasure national program manager and the Emergency Planning and Community Right-to-Know Act program coordinator that oversees the CAMEO software suite.

**REMINDER!** **Announcing the 2023 [National Air Toxics Conference](#) April 18-20, 2023 for your consideration for attending and/or presenting!**

More details are available at the website: <https://www.eventbrite.com/e/save-the-date-2023-national-air-toxics-conference-tickets-473488295237>.

**Opportunity to provide input: the U.S. Environmental Protection Agency (EPA) is developing a proposed rulemaking to review the Clean Air Act (CAA) New Source Performance Standards (NSPS) and Emission Guidelines (EG) for the Large Municipal Waste Combustors (LMWCs) source category (40 CFR part 60 subpart Eb, and 40 CFR part 60, subpart Cb, respectively).** Pursuant to the EPA's Policy on Consultation and Coordination with Indian Tribes, the Agency is initiating pre-proposal consultation with federally recognized Indian tribes to obtain input on the upcoming action to update regulatory requirements for the Large Municipal Waste Combustors (LMWCs). If you are interested in requesting government-to-government consultation with EPA during the pre-proposal period, please contact Regina Chappell at (919) 541-3650 or email at [chappell.regina@epa.gov](mailto:chappell.regina@epa.gov). Please contact us before February 3, 2023, to request the consultation. EPA will strive to accommodate the requests as time and resources permit. Tribes may also submit OFFICE OF AIR QUALITY PLANNING AND STANDARDS written comments at <https://www.regulations.gov/> Docket ID No. EPA-HQ-OAR-2022-0920, any time during the pre-proposal tribal consultation process and until **June 6, 2023**. If there are any questions, please email Charlene Spells at [Spells.Charlene@epa.gov](mailto:Spells.Charlene@epa.gov) Additional background information about the air regulations for LMWCs can be found at: <https://www.epa.gov/stationary-sources-air-pollution/large-municipal-waste-combustors-lmwc-new-source-performance>

## ***Indoor Air Quality***

### **Notice of Intent - DOE Grants for Energy Improvements at Public School Facilities - \$80 million**

**Deadline: Available until expended.** Eligible Entities: Consortium of One Local Education Agency and one or more Schools, Non-Profits, For-Profits, and Community Partners

This funding is the first tranche of funding in a \$500 million investment, to make clean energy improvements in K-12 public schools. Funds will empower school districts to make upgrades that will lower facilities' energy costs and improve student learning environments. Visit [HERE](#) for more information.

### **Available Now: An Introduction to Radon Gas in Homes Webinar Recording**

EPA's Indoor Environments Division recently hosted a webinar to provide an overview of the key basic facts of radon - what it is, what it does to us, how we measure it, how we reduce our exposure, and where to find resources and additional information. A recording of [An Introduction to Radon Gas in Homes](#) is now available online. The recorded webinar features a presentation by Bruce Snead, Director of Engineering Extension at Kansas State University, and director of the National Radon Program Services effort for EPA since 2009.

### **EPA: A Fact Sheet for Tribes on State and Tribal Indoor Radon Grants**

EPA's Indoor Environments Division is pleased to announce the [State and Tribal Indoor Radon Grants \(SIRG\) Program Fact Sheet](#). This fact sheet has information on SIRG eligibility, matching requirements, allowable activities, EPA contacts, and more. EPA works collaboratively and values our Tribal partnership to support healthy indoor air quality (IAQ) in Tribal communities. We work together to develop tools and resources that address the health and the safety of Tribal members when it comes to indoor air quality.

Please visit the [Indoor Air Quality in Tribal Communities](#) or [State Indoor Radon Grants \(SIRG\) Program and Resources](#) pages to learn more and download the fact sheet.

Be sure to subscribe to [CodeTalk](#), HUD's Office of Native American Programs newsletter, for webinars and opportunities!

## **Environmental Justice**

### **NEW! Deadlines Extended: Request for Applications and Request for Information**

EPA has extended the deadline for two Request for Applications (RFAs) and one Request for Information (RFI). Deadlines have been extended on the RFAs to encourage additional applications from eligible entities and was extended for the RFI to receive more valuable input from the public on the new Environmental and Climate Justice (ECJ) program.

#### **RFAs**

- [The Environmental Justice Collaborative Problem-Solving \(EJCPS\) Cooperative Agreement Program](#) has extended the application deadline to **April 14, 2023**.
- [The Environmental Justice Government-to-Government \(EJG2G\) Program](#) has extended the application deadline to **April 14, 2023**.

#### **RFI**

- [The Request for Information \(RFI\) related to the Environmental and Climate Justice \(ECJ\) Grant Program](#) has been extended to **April 10, 2023**.

In addition, the new [Environmental Justice Thriving Communities Grantmaking \(EJ TCGM\) Program's](#) RFA is open until **May 31, 2023**.

To learn more about Environmental Justice grants and technical assistance, visit:

<https://www.epa.gov/environmentaljustice/environmental-justice-grants-funding-and-technical-assistance>.

For up-to-date information about Environmental Justice funding opportunities, events, and webinars, subscribe to EPA's Environmental Justice listserv by sending a blank email to: [join-epa-ej@lists.epa.gov](mailto:join-epa-ej@lists.epa.gov). Follow us on Twitter: [@EPAEnvJustice](#)

Para recibir información actualizada sobre oportunidades de financiamiento de Justicia Ambiental, eventos y seminarios web, suscríbese al listserve de Justicia Ambiental de la EPA enviando un mensaje en blanco de correo electrónico a: [join-epa-ej@lists.epa.gov](mailto:join-epa-ej@lists.epa.gov). Síguenos en Twitter: [@EPAEnvJustice](#).

## **NOW HIRING!**

### **NEW! Your Opportunity to Restore Ecosystems and Connect Cultures!**

**Anticipated term June 2023-May 2025**

An exciting opportunity to enhance the development of the Maliseet Community Development Authority as a leader in regional ecosystem management, while spearheading its signature Wolastoq-St. John Watershed Restoration Program.

[MCDA RFP-3-27-23.pdf \(maliseets.net\)](#)

### **NEW! Intergovernmental Personnel Act (IPA) Mobility Program Opportunity**

**The Department of Homeland Security's (DHS) Office of Partnership and Engagement (OPE) seeks up to five (5) Advisors on American Indian and Alaska Native Cultures via the Intergovernmental Personnel Act (IPA) Mobility Program.**

The IPA allows for the temporary assignment of skilled personnel between the Federal Government and state and local governments, colleges and universities, Indian tribal

governments, federally funded research and development centers, and other eligible organizations.

IPA assignments are for purposes of mutual concern and benefit to the Federal agency and the non-Federal organization. Assignments are for sound public purposes and in furtherance of the goals and objectives of both the Federal and non-Federal organization.

Regulations require that an assignment must be implemented by written agreement. The agreement will specify that the employee can return to the non-Federal position occupied prior to the assignment or to one of comparable pay, duties, and seniority and that the employee's rights and benefits will be fully protected. The non-Federal organization will continue to pay the employee's salary during the temporary assignment. DHS will not reimburse the organization for the employee's salary and does not offer any additional benefits beyond that which the employee is already receiving. In addition, IPA assignments are voluntary and must be agreed to by the employee.

The IPA is authorized by Title 5 U.S. Code Sections 3371 through 3375 and 5 Code of Federal Regulations (CFR) Part 334.

### **DHS OPE Advisors on American Indian and Alaska Native Cultures**

An area of mutual concern and benefit to DHS and Tribes is the development of a mandatory base level tribal training course for DHS personnel, including full-time employees, part-time employees, and contractors, who have regular interactions with tribal members or are likely to encounter tribal members at their duty station. The training will provide basic information on treaties and trust responsibilities, tribal government structures and status as sovereigns, best practices, cultural awareness and considerations, resources, working with Tribal Nations and tribal organizations, and the Department's efforts in supporting Tribal Nations in their homeland security efforts. Up to five (5) Advisors on American Indian and Alaska Native Cultures are sought to that end.

### **Major Duties and Responsibilities**

- Participates in a DHS working group to develop a mandatory base level tribal training course for DHS personnel, including full-time employees, part-time employees, and contractors who have regular interactions with tribal members or are likely to encounter tribal members at their duty station.
- Provides subject matter expertise in American Indian and/or Alaska Native culture(s) and tribal perspective(s).
- Provides expertise, guidance and recommendations about the content, script, audio-visuals and design for the training.
- Provides analysis of existing materials pertaining to American Indians and Alaska Natives which could be included in the training.
- Conducts background research on Native American and Alaska Native cultures to ensure cultural representation and accuracy.
- Participates in the production of the training as appropriate.
- Participates in the testing of the training.
- Supports efforts to ensure participation of various DHS components and offices in training development.
- Collaborates with DHS Office of the Chief Human Capital Officer (OCHCO).

**Required Experience Factor:** Experience with and knowledge of one or more federally recognized tribes.

### **Preferred Experience Factors:**

- Experience in applying an American Indian and/or Alaska Native culturally appropriate approach to training

- Knowledge of DHS Component mission(s)
- Knowledge of American Indian and Alaska Native networks
- Team minded

**Job Location:** Remote

**Proposed Effective Date:** April 10, 2023

**Term:** Each non-reimbursable IPA assignment may be for an initial period of up to six months and may be renewed for an additional six months. The IPA assignment can be part-time or full-time.

**Security/Suitability Requirements:** Non-Disclosure Agreement If interested in this position, please email resume or similar document and contact information to [tribal.affairs@hq.dhs.gov](mailto:tribal.affairs@hq.dhs.gov)

**REMINDER! ITEP is HIRING!**

Be sure to apply by April 17, 2023, for the position of **Community Program Coordinator, Senior** to help implement ITEP's new **Tribal Clean Transportation Program**. [Click here to learn more and to apply!](#)

The Community Program Coordinator, Senior will be a contributing member of the Institute for Tribal Environmental Professionals' (ITEP) team under NAU's Office of Native American Initiatives. Under the direction of ITEP's program manager and in collaboration with the ITEP team, this position will assist in the design and implementation of ITEP's Tribal Clean Transportation Program (TCTP). Funding has been secured for two years and this position will support the implementation of the TCTP. This position will help deploy technical/programmatic support for 574 federally recognized Tribes related to clean transportation through the lens of Justice, Equity, Diversity, and Inclusion (JEDI). Questions? Email [andy.bessler@nau.edu](mailto:andy.bessler@nau.edu).

If you think you have what it takes but don't necessarily meet every qualification listed, please apply - you could be exactly who we are looking for!

**The Fall 2023 Internship applications for the Executive Office of the President (including OSTP and other White House offices) are open and close on April 14, 2023.**

**REMINDER! The following positions are open for the Prairie Island Indian Community**

Applications can be found on their website under Employment & Opportunities

<http://www.prairieisland.org>

Food Systems Specialist

Water Resources Specialist

**REMINDER! The Department of Religious Studies is hiring an 1855 professorship in the position of Great Lakes Anishinaabe Knowledge, Spiritualities, and Cultural Practices.**

**Applications closes: July 8, 2024, | [Click Here](#) for Full Job Description**

The Department of Religious Studies is hiring an 1855 professorship in the position of Great Lakes Anishinaabe Knowledge, Spiritualities, and Cultural Practices. We seek a scholar with a focus on Anishinaabe communities, and more broadly, Great Lakes Native American cultures. The scholar's areas of interest should include Anishinaabe worldviews, ceremony,

knowledge systems, and communal cultural practices in the context of colonialisms, resistance, resiliency, and sovereignty. The specific area of focus is open with preference to knowledge of traditions of Anishinaabe communities, and more broadly, Native American communities. We are particularly interested in scholars whose work and teaching complement cross-university strengths in environmental practices, North American Indigenous Law, communal health and wellness, and social justice. In keeping with our land-grant mission, we seek a scholar engaged in public-facing conversations about how contemporary Native American knowledge, language, spiritualities, and culture can inform larger discussions around law, public policy, land stewardship, resource management, community health and wellbeing, Tribal governance, museum collections and archives, and environmental justice movements.

## **RESOURCES & FUNDING OPPORTUNITIES!**

### ***Ambient Air Quality/EPA/NTAA/Tribes***

**REMINDER!** Selections for the ARP Enhanced Air Quality Monitoring Competitive Grant EPA selected 132 projects, in 37 states, to receive a total of \$53.4 million to conduct ambient air monitoring of pollutants in communities across the country with environmental and health outcome disparities stemming from pollution and the COVID-19 pandemic. EPA will start the process to award the funding by the end of 2022, once the grant applicants have met all legal and administrative requirements. This table can be sorted by clicking on each column header. A downloadable version is available [HERE](#).

**EPA Resource:** EPA is pleased to announce that we have updated our [Local Greenhouse Gas Inventory Tool](#) and our [Tribal Greenhouse Gas Inventory Tool](#).

#### **Updates include:**

- Revised Emissions & Generation Resource Integrated Database (eGRID) factors from through 2020, as available.
- Updated default stationary energy emission factors and heat contents from the latest Climate Registry, EPA GHG Emissions Factor Hub, and US Inventory publications.
- Global Warming Potential (GWP) values are now editable on the Factors tab. The bottom of the Control Sheet tab also contains new guidance on updating the GWP values and a navigation button to the GWP Entry section on the Factors tab.

Download the updated [local community and government operations tool and users' guides](#).

Download the updated [tribal community and government operations tool and users' guides](#).

Find our State Inventory and Projection Tool and additional State and Tribal greenhouse gas data and resources [here](#).

#### **EPA Resource: EPA's Home Heating Fuel Use Web App**

Are you curious about how people heat their homes? EPA has developed a [Home Heating Fuel Use Web App](#) that lets you visualize American Community Survey 5-year average home heating fuel data across the U.S. by census tract. Use this data to inform outreach or implementation planning related to energy efficiency, residential electrification, wood stove change-outs, and more.

## **EPA Resource: EPA's Tracking Matrix**

Does your community have climate goals to meet or brownfields that might be suitable for solar? Check out [EPA's Tracking Matrix](#) to learn more about geothermal, biomass, solar and wind installations being built on contaminated lands across the country. EPA's RE-Powering America's Land Initiative 2022 [Tracking Matrix](#) shows current trends in the development of renewable energy on contaminated lands. Project examples include successful community solar projects in Nashville, Tennessee; Schenectady County, New York; Morrisville, Vermont; and Spanish Fork, Utah.

## **Tribal Air Quality Flag Program Packet**

Customize this flyer/poster template to share information with your community about air quality, how it can affect health, and actions to take on a bad air quality day. You may need a PDF reader to view files on this page. See EPA's [About PDF page](#) to learn more. [Tribal Air Quality Flag Program Packet](#)

## **Department of Energy (DOE) Announces \$32 Million to Reduce Methane Emissions from Oil and Gas Sector**

All interested applicants must register and submit application materials through [Fed Connect](#); [register here](#) for an account. All questions must be submitted through FedConnect.

## **Air Monitoring Equipment Available for Loan to State, Local, and Tribal Agencies**

In 2021, EPA's Office of Research and Development initiated the Wildfire Smoke Air Monitoring Response Technology (WSMART) Pilot, loaning air monitoring technologies to state, local, and Tribal air organizations to support supplemental air monitoring in areas affected by wildfire smoke and with observational data coverage gaps. During 2022, this pilot technology loan program will continue to provide several technology types – including stationary air sensor systems and a compact mobile monitoring system – to state and local air agency monitoring staff and professional Tribal air quality staff members upon request. The equipment is not available for public use. For more information and access to the loan request webform, please visit the WSMART website: <https://www.epa.gov/air-sensor-toolbox/wildfire-smoke-air-monitoring-response-technology-wsmart-pilot>

For technical questions, please contact [smoketech@epa.gov](mailto:smoketech@epa.gov).

## ***Climate Change/Energy***

**EPA's State and Local Climate and Energy Program will use this newsletter to share updates and opportunities as they become available and to let you know how the EPA's IRA programs can help your jurisdiction.**

Our [monthly funding newsletter](#) will also continue to provide information on climate and clean energy grant and technical assistance opportunities and deadlines for state, local, and Tribal governments. You can also visit the [White House's website about clean energy and climate action in the IRA](#). Use it to learn how you can save on utility bills, get support to purchase electric vehicles, energy-efficient appliances, and more. Share the news: Tax Credits for Energy-Efficient Home Upgrades have been Extended!

Under the IRA, federal tax credits for energy-efficient home upgrades have been extended. This means that if you made any qualifying home improvements to your primary residence after **December 31, 2021**, you may be eligible to claim credit on your federal taxes when you file for 2022. Qualifying upgrades include ENERGY STAR-certified products, as well as improvements to your home's envelope or exterior – such as windows, doors, and insulation. To learn more, read through ENERGY STAR's [property tax credit guidance](#).

[Renewable Energy tax credits](#) have also been extended and will be available through the end of 2023. These include incentives for Geothermal Heat Pumps, Residential Wind Turbines, Solar Energy Systems, and Fuel Cells.

What's New for Federal Tax Credits in 2023? There will be new efficiency tax credits in place starting January 1, 2023, lasting 10 years - through 2032. The tax credit amount is generally limited to 30% of the project cost. The previous lifetime cap of \$500 has been changed to an annual cap of \$1,200 to \$2,000 depending on the efficiency improvements you make. This means you will be able to claim credit for more projects, especially if they are spread out over multiple years.

For more information and to stay up to date on available tax credits, make sure to bookmark ENERGY STAR's page on [Federal Tax Credits](#) so you can maximize savings on your home energy efficiency projects.

## ***Toxics/Mobile Sources***

### **U.S. Department of Energy: Electric Vehicles with Final Assembly in North America**

The Inflation Reduction Act of 2022 ([Public Law 117-169](#)) amended the Qualified Plug-in Electric Drive Motor Vehicle Credit ([IRC 30D](#)), now known as the Clean Vehicle Credit, and added a new requirement for final assembly in North America that took effect on August 17, 2022. For more details on the credit, see [Electric Vehicle \(EV\) and Fuel Cell Electric Vehicle \(FCEV\) Tax Credit](#). Also see the full list of [alternative fuel vehicle incentives](#) amended or created by the Inflation Reduction Act. [Click Here](#) for more information.

## ***Indoor Air Quality***

### **Resource for Healthy Indoor Air Quality:**

Check out the website <https://forhealth.org/> for many resources related to healthy homes and indoor air quality!

**The Tribal Healthy Homes Network (THHN) has a webpage dedicated to [Funding Opportunities](#)!** Additionally, THHN has developed a [Funding Guide for American Indian and Alaska Native Communities](#).

## ***Environmental Justice***

### **REMINDER! Calling Children's Health Organizations! New Environmental Justice and Climate Grants at EPA!**

The U.S. Environmental Protection Agency (EPA) recently announced the availability of multiple funding opportunities totaling \$650 million for projects that advance environmental justice in underserved and overburdened communities across the country. Additionally, **EPA is seeking public input on the new Environmental and Climate Justice program that will distribute \$3 billion in the Inflation Reduction Act funding.**

This unprecedented opportunity will advance the protection of our children, especially in vulnerable communities, with support and participation from applicable children's health organizations.

Learn more about these opportunities and how your children's health organization could apply:

[Environmental Justice Collaborative Problem-Solving \(EJCPS\)](#)

The EJPCS Program will provide an estimated \$30 million in funding directly to community-based nonprofit organizations (and partnerships of these organizations), with \$5 million reserved for small community-based nonprofit organizations with five or fewer full-time employees. In total, the Agency anticipates funding approximately 50 awards of \$500,000 and 30 awards of \$150,000.

EPA's EJPCS Cooperative Agreement Program provides financial assistance to eligible organizations working on or planning to work on projects to address local environmental and/or public health issues in their communities. The program assists recipients in building collaborative partnerships with other stakeholders (e.g., local businesses and industry, local government, medical service providers, academia) to develop solutions that will significantly address environmental and/or public health issues at the local level.

Interested applicants must **submit proposal packages on or before April 14, 2023**, to be considered for the available funding. Applicants should plan for projects to begin on October 1, 2023.

### **The Environmental Justice Government-to-Government (EJG2G) Program**

The EJG2G Program (formerly known as the State Environmental Justice Cooperative Agreement program) will provide an estimated \$70 million in funding. Of this, \$20 million will be for State governments to use in conjunction with Community-Based Organization (CBO) partners, \$20 million will be for local government with CBO partners, \$20 million will be for Federally Recognized Tribal Nations with CBO partners, and \$10 million will be for U.S. territories and remote tribes with limited access to CBO partners. In total the Agency anticipates funding approximately 70 projects of up to \$1 million each for a 3-year project.

The EJG2G Program works to support and/or create model state activities that lead to measurable environmental or public health results in communities disproportionately burdened by environmental harms and risks. These models should leverage or utilize existing resources or assets of state agencies to develop key tools and processes that integrate environmental justice considerations into state governments and government programs.

CBOs must partner with an [eligible entity](#) to apply. Interested applicants must **submit proposal packages on or before April 14, 2023**, to be considered for the available funding. Applicants should plan for projects to begin on October 1, 2023.

### **Environmental Justice Thriving Communities Grantmaking (EJ TCGM)**

The EJ TCGM program will fund up to 11 entities to serve as Grantmakers to community-based projects that reduce pollution. Selected Grantmakers will design competitive application and submission processes, award environmental justice subgrants, implement a tracking and reporting system, provide resources and support to communities.

The entities eligible to apply under this Request for Applications (RFA) and serve as an Environmental Justice Thriving Communities Grantmaker fall into four categories. They include:

- A community-based nonprofit organization;
- A partnership of community-based nonprofit organizations;

- A partnership between a Tribal Nation and a community-based nonprofit organization; or,
- A partnership between an institution of higher education and a community-based nonprofit organization.

**Application packages must be submitted on or before May 31, 2023.**

## **Newsletters, Calendars, and Recorded Webinars**

### **Reducing Embodied Greenhouse Gas Emissions: Carbon Labeling**

**April 19, 2023, 2–3:30 p.m. EST**

This webinar will ask for feedback on how the EPA should develop a new carbon labeling program for construction materials and products and products with substantially lower embodied greenhouse gas emissions.

Registration to come.

## OLDER UPDATES!

### Updated Version of EPA's Air Sensor Guidebook Released!

Recognizing the ever-increasing availability of air sensors, expanding user base, and growing scientific knowledge, the U.S. EPA updated the popular Air Sensor Guidebook, originally published in 2014. The refreshed version, called "*The Enhanced Air Sensor Guidebook*", includes updated content and new topics that incorporate best practices, current knowledge, and recommendations to guide the use of air sensors.

The Enhanced Guidebook supports users in planning and collecting air quality measurements using air sensors. The Guidebook can help sensor users:

- Learn the basics of air quality, air pollution monitoring, and air sensors
- Plan and conduct an air quality monitoring study
- Select, setup, and use air sensors
- Analyze, interpret, communicate, and act on results
- Understand the basics of air sensor performance

[Find out more and access the Enhanced Air Sensor Guidebook.](#)

[Visit EPA's Air Sensor Toolbox.](#)

[Find out more about EPA's Air Research.](#)

### Air Knowledge E-Learning Content

The Air Knowledge training team is pleased to announce the availability of new air quality training materials!

These e-learning courses and modules are at the foundational learning level and are available to Tribal, state, and local air agencies through our learning management system (LMS) and to the public [here](#). The website was recently enhanced to provide additional self-instructional and instructor-led training materials.

The new materials include:

- A course that explains key historic events that led to air pollution control legislation and describes progress made with air pollution control since the passage of the Clean Air Act,
- A course that explains the basic components of state and Tribal implementation plans,
- A module that generally defines the transport and fate of air pollutants and how transport and fate are influenced by meteorology and topography,
- A module that explains the basic aspects of an air emissions inventory, and
- A module that explains the purposes and types of air emissions inventories, including the inventories that the EPA develops.

To access the courses and modules on the LMS (<https://epaapti.csod.com>), Tribal air agencies and organizations can register, log in, and refer to the "What's New" section on the home page.

All other users (the public, international community, academia, industry, EPA staff, etc.) can access the courses and modules on the Air Knowledge interim [website](#).

**Follow up on the second session of the Million Hearts Climate Change and Cardiovascular Disease Collaborative, Interventions to Address Particle Pollution and Heart Disease.** You can access a recording of the session [here](#) (passcode: W\$Bb8t\*!)
